

Welcome to the first and
finest Icery in the world!

WHAT IS AN ICERY?

Simple. Instead of typical ice cream or Italian ice, Carousel's Soft Serve Icery swirls up a family-secret recipe of fruity, frozen ice with a creamy texture and a condensed tidal wave of flavor, without the dairy, fat and calories of other frozen treats. But, the real magic in Carousel's comes with people - the ones who work with us and in the community around us. We blend it all together. Happiness. Charity. Honesty. Togetherness. Love. And the result is so yummy, you're sure to come back around. And around. And around.

Benefits of our Brand
